## **Village of McDonald Seeks Public Input on Billy Goat Hill Trail Restoration Project**

**McDonald, OH** – The Village of McDonald is pursuing funding through the Ohio Department of Natural Resources (ODNR) Recreational Trails Program to restore the historic **Billy Goat Hill Trail** in Woodland Park. This trail has long been a key feature of the park, frequently used for cross-country meets and recreational walking.

As part of the proposed project, the Village plans to:

- Restore and improve the existing trail for enhanced accessibility and safety.
- Construct new staircases leading to the trail from the hill.
- Preserve the natural beauty of Woodland Park while ensuring long-term sustainability.

The Village is seeking public input on the project and welcomes comments from residents, trail users, and community stakeholders. Your feedback will help shape the final design and ensure that the improvements meet the needs of the community.
